LEGACY IN THE MAKING

For over 30 years, Arteriors ushers impeccable style and artisanal quality craftsmanship within the lighting, furniture, wall décor and home accessory categories to discerning customers worldwide. Our story began with founder Mark Moussa and his love, vision and dedication to design and the craft born of collaboration with makers. This three decade journey in pursuit of extraordinary product—from the understated to the unexpected—has been and remains at the core of what we do each day. Arteriors' business has matured and expanded into a timeless lifestyle brand that has become a premier resource for interior designers and retailers worldwide. Today, Arteriors continues to reinterpret natural materials, forming objects of perfect proportion and scale, resulting in bold interiors that bring ease to everyday luxury.

DESIGN PHILOSOPHY

Exploration and innovation inspire us and drive us to new limits. We believe good design begins with inspiration and identification of the latest materials and practices formed by the hand of skilled makers with ancient artisanal knowledge. Each of our products—whether in lighting, furniture, accessories or wall decor—achieve an imaginative and uncompromising balance of ideas, forms, textures and finishes. Whether the technique is hammered, glass blown or hand carved, the design's purpose is intuitively expressed and experienced effortlessly, making each piece distinct.

Our expert product designers travel the world to uncover the storied techniques of master artisans and bring elements of fashion and architecture to our designs. The challenge of reinterpreting these inspirations yields diverse collections that feel refreshingly new, yet their comfort is familiar. The touch of the human hand in every Arteriors product—an artisanal element that makes each piece unique—is a signature that infuses our designs with an intangible sense of luxury.
