VOLUME 8

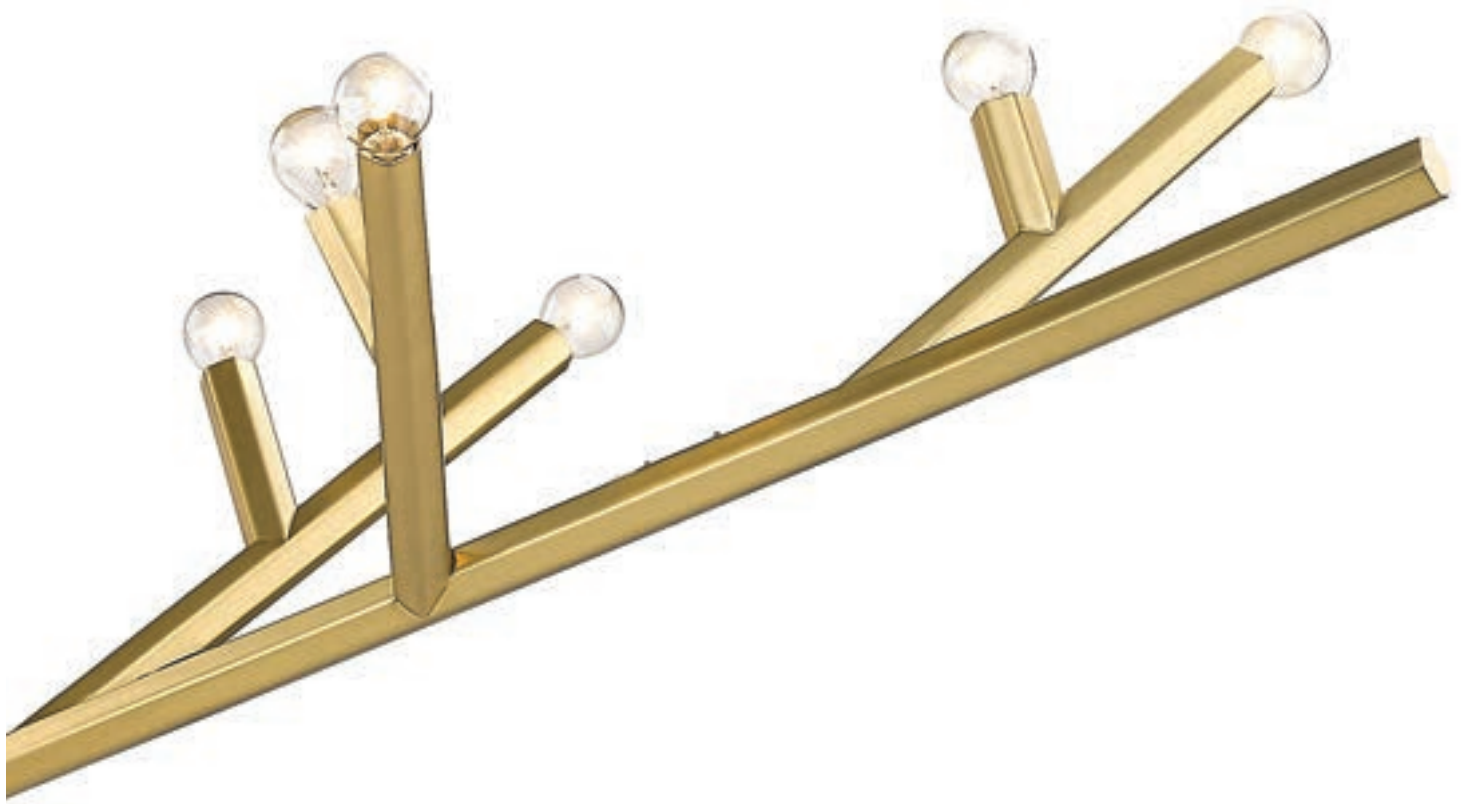

Avenue Lighting is a manufacturer of contemporary and transitional lighting fixtures. With over 30 years of experience in the lighting industry, our collections provide ambient lighting in a wide range of styles, giving each space it's own unique character.

As in life with many different Avenues to choose, each collection has been inspired by famous streets along with a passion for travel. Being based in Los Angeles, style is key. When crafting a unique Avenue Lighting piece or collection, we draw inspiration from diverse designs and qualities found around the globe. We believe in creating more than just a lighting fixture - "we create jewelry for the home". There is not a more powerful statement than a cutting-edge lighting piece. Whether you want to add some sparkle with an elegant chandelier in the foyer or an elongated dining room fixture over the dinner table, our pieces instantly become the focal point of your room or the perfect accent to your design.

A handwritten signature in black ink, appearing to read "Chris R." The signature is stylized and fluid, with a prominent initial "C" and a long, sweeping tail.

Dimmable

A photograph of a modern, multi-story building at night. The building features large glass windows and balconies, some of which are illuminated from within. Two tall palm trees are prominently featured in the foreground, their fronds and trunks lit up. A swimming pool is visible on the left side of the image, reflecting the lights. The sky is a deep blue, suggesting dusk or dawn. The overall atmosphere is sophisticated and contemporary.
