INSPIRATION GALLERY

The Modish collection features an “explosion” of white discs that combine to form a captivating sphere of design energy. The Matte White finish on the discs is balanced with a hand applied Silver Leaf finished interior for a dynamic combination.

The centerpiece of the Diffusion collection is the smooth look of the frosted glass that is modernized through a softly diffusing silver organza drum shade. The clean and simplistic Aged Silver finished metalwork supplies a complementing tone to the shades.

Like a fine timepiece, the Bergamo collection embodies precise craftsmanship embellished with luxurious materials. Thin, elegant lines are enhanced with oversized candle holders, machined thumbscrews and a complimenting Polished Nickel finish. Choose from a double rod suspension assembly or upgrade to genuine white leather straps and leather wrapped candle covers.

Inspired by the most recognized symbol of warmth and relaxation, the Naples collection re-interprets the infamous palm into a sculpture-like presentation of dramatic metal fronds interlaced with glass beading and crystal. The Dark Graphite finish sharply defines the fronds' edges and angles.

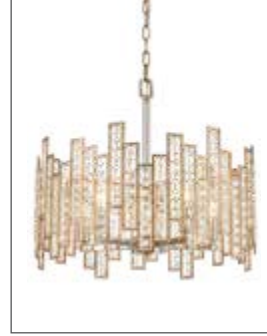

The Robins sconce, finished in Polished Chrome, has a clear glass shade and an optional filament bulb.

Liz collection mini pendant in Satin Nickel with smoke ribbed swirl glass and an optional filament bulb.

**MID-CENTURY
MODERN**

COLLECTIVE

The excitement of mid-century modern design is evident in the understated elements of the Collective series. Angled sockets create a different perspective inside the large glass globes, which are cleverly held by metalwork that conforms to the curves of the glass. Finished in Satin Brass.

XENIA

These fixtures showcase a unique linear design with unequal length arms that pass through the fixture's central connection. The metal arms can be easily adjusted from a near parallel position to a loosely gathered look. An Oil Rubbed Bronze or Matte Gold finish and optional filament bulbs complete this innovative series.

TRANSIT

The Transit Collection aesthetic is one of controlled chaos, where multiple right angle curves, like lines on a schematic subway map, introduce fresh, energetic angles of illumination. Industrious sockets, a modish Silvered Graphite or Matte Gold finish and optional vintage filament bulbs complete the look.

STARBURST

This collection has graced New York's Metropolitan Opera since its opening in 1964. It features miniature groupings of highly polished faceted crystal balls and larger metal offshoots which extend from the center orb emulating an exploding celestial body. An abundance of light "reacts" brilliantly with the Polished Chrome finish, captivating your senses while inspiring your imagination. This series can serve as an accent or a centerpiece in a wide range of decors.

INVERSION

The Inversion collection is made from curved metal elements which encase textured glass panels. These elements are arranged around the center of the fixture with candles placed between each glass panel resulting in a mesmerizing interplay of glass and light that look great from any angle. The Charcoal finish distinguishes the framework from the panels of glass.

RETROVIA

During the 1950s, there was a renewed sense of style and design from consumer products to fashion and beyond. This design movement coined the term "mid-century modern" which became a leading design movement. Finished in Polished Nickel, this collection embodies the excitement of the time period with laser cut circles, opal etched cylindrical glass, and a white diffuser that accents the drum.

CONCENTRIC

The Concentric collection features wispy bands of metal rings in which faceted crystal beads nest inside their points of intersection, emitting sparkles of light around the fixture's circumference. An Oil Rubbed Bronze finish defines the precise lines while the Satin Brass accents add a contrasting element.

LABORATORY

This collection was cleverly designed around our filament tube shaped bulbs by incorporating them into the actual shape of the Weathered Zinc framework. With a socket on one end and a faux socket on the other, the bulbs seem to form a continuous electrified circuit.

TORQUE

The Torque pulldown fixtures have an oversized, industrial-inspired design. Using heavy duty gear chain, this item can be moved up or down with cast iron wheel counter weights and gears as the mechanisms for movement. The gears and metal shades are finished in Vintage Brass, which accents the Vintage Rust finished metalwork.

TIMBERWOOD

The Timberwood collection is characterized by an emphasis on craftsmanship and simplicity melding timeless materials such as wood, glass, and metal. The Oil Rubbed Bronze metal structure is sandwiched between solid wood rails that overlap in the corners showing off its joinery. Large hand-formed glass compliments the heavy frame with just the right balance of antique light.

NEO CLASSICA

The beauty and refined elegance of the Neo Classica collection begins with a classic design of contrasting materials and finishes. The heavy clear crystal ball is the central "anchor" point from which a turned wood center column and elegant metal arms flow from. The Aged Black Nickel finish is accented with Satin Nickel candle covers and a Weathered Birch finished wood center column.

INSULATOR GLASS

The Insulator Glass collection was inspired by the glass relics that adorned the top of telegraph lines at the turn of the 20th century. Acting as the centerpiece of this series is the recognizable shape of the glass insulator, made from thick clear glass that is complimented by solid cast hardware designed with an industrial aesthetic. Finishes include Oiled Bronze and Weathered Zinc.

SCHOOLHOUSE PENDANTS

In the early 1900's, schoolhouses, banks, and other public institutions began using fully enclosed pendants that not only gave off an abundance of light, but were also easy to clean and maintain. The period authentic styling is reflected in the fluted or patterned white blown glass and matching hardware finished in Satin Nickel and Oiled Bronze. These exclusive pendants exemplify the uncompromising historic styling.

HALOPHANE

Halophane glass became popular at the turn of the 20th century when it was discovered that its refractive qualities cast a crisp, even light throughout the room. These characteristics reduced shadows and allowed for a brighter and safer environment. Over a century later, we still value those same attributes. The ribbed halophane glass with complimenting turned detailing in the framework pays homage to early period lighting.

VENUE

This series is made of a heavy sheet metal frame, finished in Speckled Iron, from which multiple light sockets protrude from. Use our optional filament bulbs to make an even bolder statement.

14445/24

SPECKLED IRON FINISH

GLASS SKYLINE

A boldly vertical presentation evocative of a gleaming metropolis, the Glass Skyline Series features a laser-cut ring foundation with fluted rods that capture the light of our vintage-style tubular filament bulbs, creating an electrifying presentation. An Oil Rubbed Bronze finish contrasts the glass.

10720/9

OIL RUBBED BRONZE FINISH

CHESAPEAKE

Lanterns have historically graced our foyer entrances as a welcoming light that invites the guest into the home. Today, lanterns are not restricted to one location and are often placed throughout the home. This series has a refined design using thick metalwork, decorative turnings, and clear curved glass panels. Finished in Oiled Bronze.

66280-2

OILED BRONZE FINISH

66282-6

RIDGEVIEW

Inspired by exposed structures, the Ridgeview collection has attractive linear metalwork finished in a two-tone Weathered Zinc and Polished Nickel finish. This sleek design is further enhanced with a unique sliding bar system that enables easy removal of the seedy glass panels for cleaning, but also adds a sharp design detail to the frame's edges.

STAGECOACH

This series is reminiscent of the hurricane oil lanterns predominantly used in railroad and nautical applications in the late 1800's. Although powered by electric, the essence of this old world inspired collection remains. The Matte Black finish of the heavy ironwork cleverly contrasts the acid etched blown glass to complete the historic appeal.

NATURAL ROPE

This collection transforms natural rope from a functional material to a unique decorative element adding color, texture, and material that contrasts nicely with the Aged Bronze or Silvered Graphite finished metalwork with Brushed Nickel accents. The Aged Bronze finish comes with either tan linen shades or opal white glass with the exception of the globe items. The fixtures can be complimented with our optional filament bulbs.

ARMAND

The Armand collection is designed with an intricate laser cut pattern adorned with large crystals. The crystals have the same shape as the openings cut into the metalwork, allowing the two contrasting elements to become a seamless presentation of light and pattern. Choose from a Weathered Bronze finish with amber teak crystal or Matte Gold with clear crystal.

AMHERST

This collection showcases sparkling polished crystal weaved into an intricate wrought iron frame. The modern drum shape updates an otherwise traditional style while a rich, Antique Bronze finished frame provides the necessary contrast to allow the crystal elements to be fully recognized.

EMPIRE

The Empire collection captures the regal beauty of French Empire design with its classic shape and extravagant crystal. Tapered crystal combinations gracefully flow from top to bottom via a glass bead-lined frame finished in Mocha. Unique curved crystals encircle the mid-section of the fixture creating a unique transition between the bowl and center column of each fixture.

VIVA NATURA

Brilliant arrays of crystal spears highlight the design of the Viva Natura collection. Overlapping steel wires, finished in Aged Silver, form various shapes while crystals sparkle when illuminated yet still fascinate when unlit. The combination of these elements transforms this design into a sculpture of textured light.

MORNING FROST

Alternating frosted and clear glass drops combine in the Morning Frost collection, offering an updated interpretation of the classic cascading chandelier. The combination of satin and smooth surfaces create a “frosty” layer accented with touches of clear glass while the bold metal band provides the visual anchor that proudly displays the hand applied Silver Leaf finish.

ELIZABETHAN

This new-age Renaissance collection graces the home with accents inspired by a moon-lit stroll along St Paul's Cathedral. The extraordinary cohesiveness of this collection captures the grandeur and grace of an era when art and architecture were as one. The captivating lines of the Dark Bronze or Weathered Zinc finish accented by brilliant 32% lead crystal may adorn the grandest of settings.

GEORGIAN COURT

During the mid-eighteenth century, the Georgian style became immensely popular, not only in England, but also in Colonial America characterized by a sense of proportion, balance, and carefully thought out details. The Georgian Court Collection reflects those earlier influences with well-balanced proportions, an attractive Antique Bronze/Dark Umber finish, and amber glass with a marbled finish and decorative ring.

HERITAGE

This series is a tribute to England's first porcelain manufacturers dating back to the mid-18th century. The techniques used then still apply today of hand-working molds and patterns. The strength and non-porous nature of porcelain allow intricate details and shapes as evidenced in the exquisite flowers accenting this series. This collection has crystal accents and intertwined branches finished in Cream.

HUARCO

The true source of the Amazon was discovered in 1953 to be a small stream, The Huarco, in the Andes Mountains of Peru. The thick canopy of foliage that surrounds this meandering waterway was the inspiration for the collection. The refreshing green leaves invoke a feeling of a tropical rain forest. Complimenting the hand-blown amber glass, the base of each blossom is adorned with chestnut hues clasp clear crystal droplets.

EMILION

Drawing inspiration from the creative spirit of the French Renaissance, Emilion incorporates styles indicative of the era, blending natural influences with elegant charm. The Burnt Bronze finished metalwork allows the crystal embellishments to radiate. The distinctive attributes meld together to form a compelling statement of originality.

2183/6

BURNT BRONZE FINISH

Shown with optional shade #1081

LAWRENCEVILLE

With a casual elegance and a touch of classic styling, the Lawrenceville Collection will enhance and bring warmth to any room setting. Relaxed proportions, antique amber glass, and Mocha finish will make for an attractive, yet understated ambiance.

9326/3

TRANSITIONAL

ABACA

Abaca is a type of banana plant from the Philippines whose stalks produce fibers used in decorative items due to their flexibility, strength, and natural beauty. The Abaca collection has a simplistic design that allows this material to be the focus of attention. Each strand of Abaca rope is tightly hand wrapped to form a textural facade of warm neutral-toned colors. The Satin Brass finished hardware compliments each design with a metallic accent.

BIXLER

The Bixler collection combines attributes of a drum pendant with a chandelier. Gently curved arms cradle metal rings and seedy glass shades. By leaving the center open, it allows attention to be drawn towards the elements around the outer ring. The Light Wood finish adds a warm touch and is accented with Satin Nickel finished elements.

AGATE STONES

Agate is a naturally formed rock, most associated with ancient volcanic lava flows. The vivid color and distinct layers are apparent, especially viewed in front of a light source. This collection is made from pieces of genuine agate which are ground and polished inside a tumbler. The final stones are smooth, yet with slight variations from each other, giving the complete fixture its naturally textured appearance. Choose from various applications with multiple stone color and finish combinations.

NEW YORK

Taking styling cues from the Art Deco period, the New York collection features clean lines and unique design elements. The lights are supported by rings that gracefully "float" around a larger double ring. Finished in Renaissance Silver Leaf with cream fabric shades, this series is versatile and contemporary. Shades are optional on items with crystal.

MODERN

NAPLES

Inspired by the most recognized symbol of warmth and relaxation, the Naples collection re-interprets the infamous palm into a sculpture-like presentation of dramatic metal fronds interlaced with glass beading and crystal. The Dark Graphite finish sharply defines the fronds' edges and angles.

EQUILIBRIUM

Metal strips of varying heights return to a harmonious balance in the Equilibrium collection. Geometric shapes are joined together at varying heights for intended design driven asymmetry. Each strip is laced with glass beads and clear crystals adding additional texture. The Matte Gold finish has Polished Chrome accents which gives the design extra sparkle.

CRYSTAL FALLS

Long, ice-like crystals “fall” through the opening of the graphite fabric drum shade in the Crystal Falls collection. The rich color of the graphite shade acts as a mysterious and contrasting backdrop to the clear crystals while the Satin Nickel finish compliments the modern design.

AUTUMN BREEZE

This series captures the essence of nature with warm, earth-tone colors and a fresh design concept finished in Brushed Nickel. An abstract pattern, reminiscent of blowing leaves in the wind, is placed on clear material to give a light, airy feel while an inner beige fabric drum provides the backdrop for depth and a soft diffusion of light.

THE WAND

The Wand boasts a thin, streamlined profile that is finished in impeccable Chrome. The wand uses a high intensity LED source.

CHROME FINISH

LC5710-0-15

IRIS

Cutting edge is not exclusive to an architect's loft. Introducing our Iris series LED pendant: An equilinear duo of soothing Frosted White glass panels and natural Aluminum supported by dual-suspension Chrome hardware and a modish wave of clear cord.

POLISHED CHROME FINISH

LC4020-10-98

BOW

The dynamic aesthetic appeal of a high-tension bow predates recorded history. Introducing our Bow collection pendant: Ultra-mod curvilinear silhouette, creamy Opal White and natural Aluminum tones, and a chic platform of slender tension cables. Dimmable LED efficiency.

UNDERCABINET

ZEESTICK

ZeeStick is a modular line of dimmable SMD LEDs soldered to a rigid PC board with integral driver, encapsulated in an extruded aluminum SP body with CF color (white) and polycarbonate frosted diffuser lens. ZeeStick is designed to provide a long and consistent color over its 50,000 hour lamp life due to superior thermal management of the SMD's and quality phosphors used in production. ZeeStick provides an even glow at a huge energy savings over linear fluorescent or halogen. 120V AC, 4.2W per foot, Exceeds Title 24, ROHS Compliant, ETL Approved.

Available in:

Four Sizes
12", 24", 40" and 47"

Three Color Temperatures
2700K Warm White
3500K Natural White
6000K Pure White

LED Specs

ZEELED PRO

We're aware that with today's increasingly bold design schemes, versatility is the name of the game. That's why we're proud to present our ZeeLED Pro light panels: Appropriately modern, White linear aesthetic; durable LED efficiency. Choose from a range of convenient sizes. Includes a color temperature mode switch between 3000K, 4000K and 6000K and also a high/low switch.

INVERSE

This modern design features a triangular-shaped lantern and backplate, each facing back to back forming an inverse triangle design. Panels of seedy glass emit light through the three sides, with the rear facing panels emitting backlight. The sharp lines are boldly shown with a Matte Black finish.

45160/1

Triangular design shown from side

MATTE BLACK FINISH

PIERRE

Our Pierre collection LED outdoor series casts a soft, backlit glow of light and features stylish Charcoal-finished metalwork expressed in a range of modern angular forms. Choose from an all metal design or one with hand-formed iced glass.

INSULATOR GLASS

The Insulator Glass collection was inspired by the glass relics that adorned the top of telegraph lines at the turn of the 20th century. Acting as the centerpiece of this series is the recognizable shape of the glass insulator, made from thick clear glass that is complimented by solid cast hardware designed with an industrial aesthetic. Finished in Brushed Aluminum.

PORTSIDE

Years ago, nautical lighting was purpose built to withstand heavy storms and battering winds. Inspired by those nostalgic lighting fixtures, this series has a simple and charming design finished in Matte Black with clear blown glass.

FARMSTEAD

Lanterns have been widely used for portable lighting for hundreds of years until the time electricity reached rural farming areas. Its simple design and function made it one of the most practical and widely used devices in history. This series carries on this historic design style with clear water glass and period authentic Matte Black finish.

LAMPLIGHTER

In the early days of outdoor lighting in cities across the world, street lamps were lit by a person called a Lamplighter. The shape harkens back to the days when lamps were simple and functional and allowed people to enjoy the streets of a city after sunset. This charming design is finished in Matte Black with seedy glass.

BURLINGTON JUNCTION

Located on the Eastern shore of Lake Champlain between the Adirondack and Green Mountains, Burlington is charming and idyllic. This series was inspired by this quaint city by the lake that prides itself in the arts. The fine craftsmanship of this collection is evident in the cast aluminum details and scrollwork. Finished in Hazelnut Bronze, this series is available with amber scavo glass.
