

# ZODIAC EW6612

WALL

PROJECT

## DESCRIPTION

A semi-circle divides this rectangular exterior wall light in half; one half is black, formed aluminum and the other half is light emitted from the LED light source with a polymeric diffuser. Los Angeles designer Frederick Cohen was inspired to create the Zodiac outdoor wall sconce after watching the last lunar eclipse. Concealed patented LED technology accentuates the curved light source. Zodiac can be mounted in both upward or downward positions.
