2025 TREND GUIDE

WELCOME TO THE 2025 CURREY & COMPANY TREND GUIDE.

This book celebrates many of our newest pieces and our most important style stories for the year.

Explore the lush, color-drenched Jungle theme, where all shades of green mix with warm brass and gold finishes. Infused with a mesmerizing blend of animal and flora inspirations, this assortment is a journey into verdant abundance and rich extravagance.

On the other end of the spectrum, Modern Romance is in the air. This assortment features mineral blues, pinks and creams, with infusions of natural stones, recycled glass, shells, bone, pearls, crystal and more that add glamour and depth. The spotlight is on alluring intrigue with a dash of sweet charm.

For the more casual environments, our In Natural look continues to deliver. Exciting new forms in rattan, recycled glass, abaca, shell, coconut and neutral ceramics keep this everlasting trend feeling fresh and current. Our most recent iteration leans into vintage-inspired looks and relaxed-but-elegant coastal influences.
